

PRODUCT DATA SHEET

Holden mesh back operator chair with black fabric seat and headrest-Aluminium base and arms with black mesh back

HOL300T1-K

Style meets comfort, the Holden mesh task chair fuses together aluminium cast arms and a 5 star base together with a modern dark grey finish with black mesh back and black fabric seat. The smooth tilting mechanism can be locked into a reclined position and with the both the gas lift and reclining mechanism integrated into the seat allow for easy ergonomic access. The 4-dimensional arms can move in all direction to ensure user comfort. A height adjustable rear lumbar support and head rest finishes off the styling and user comfort.

PRODUCT FEATURES

- Triple P task chair
- Mesh back
- Synchronised seat depth adjustment
- Lumbar support
